Change Password Utility

(Applicable to ID-CERT Class 1 / Class 2 / Class 3 / Class 5)

1. The Change Password Utility is designed for Digi-Sign ID-Cert Class 1 / Class 2 / Class 3 / Class 5 subscribers who would like to change the password (or PIN) of their private keys stored as PKCS#12 files on USB flash drive or an alternative storage medium.
2. The Change Password Utility can be executed on computers running Windows XP / 7 / 8 / 10.
3. [Click here](#) to download the Change Password Utility v4.0 (ChangePwv4.exe). After you have successfully downloaded the file (ChangePwv4.exe) and saved it to a specific hard disk location on your computer, you can double click the executable file (ChangePwv4.exe) to begin the installation. You can then start using the utility after successful installation.

更改密碼程式 (適用於ID-Cert 類別一/類別二/類別三/類別五)

1. 更改密碼程式該程式的目的是為Digi-Sign的ID-Cert類別一/類別二/類別三/類別五用戶，以更改其儲存在USB驅動器中的PKCS#12檔案或任何其他存儲媒體上的私人鑰匙密碼。
2. 更改密碼程式是可由支援 Windows XP / 7 / 8 / 10 的電腦驅動。

[按此](#)以下載更改密碼程式v4.0(ChangePwv4.exe)。當你成功下載(ChangePwv4.exe)檔案及儲存在於硬碟時，請按兩下以驅動檔案(ChangePwv4.exe)及開始安裝。安裝完成後則可開始使用。

5. The program will be downloaded. Please Click **ChangePwdiv4.exe** and click **[Run]** to continue.
程式下載完成。請按 **ChangePwdiv4.exe**，然後按 **[執行]** 開始進行安裝。

6. Please click **[Next]** and follow the instruction to setup the “Change Password Utility”. After Setup, you will find the icon created on your desktop. Then double click “**Change Password Utility**” icon.
跟據畫面顯示的步驟，按**[Next]**去完成安裝更改密碼程式。安裝完成後，桌面會新增以下圖示。請雙按 “**Change Password Utility**” 圖示。

7. Please insert your USB key into your computer and then click **[Browse]** button to select your ID-cert. location. (e.g. Drive E:) **(The password is case-sensitive.)**
請插入 USB 數碼證書到你的電腦，並按 **[Browse]** 選擇數碼證書檔案位置。(如 Drive E:) (注意：密碼是會區分大小寫的。)

8. Please click **[Confirm]** button to complete the processes.
請按**[Confirm]**以完成更改密碼程序。
